

**Step 1 :** Separate the 2 halves of the plastic connectors

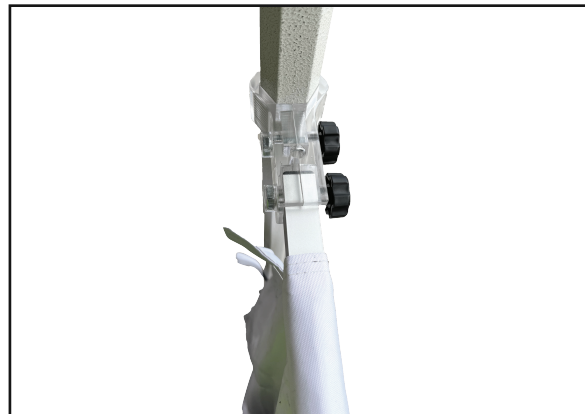

**Step 2 :** Attach the connector to the post and screw the back screw in place and repeat on other side.

**Step 3 :** Place the end of the pole into the first connector, screw the pole in place

**Step 4 :** Extend the pole and slide the fabric onto the pole. Ensure the print faces the right way.

**Step 5 :** Place the second end of the pole into the second connector and screw it into place.

**Step 6 :** Attach the velcro straps to the legs of the frame.
