

Interlocking Crowd Control Barrier Cover

Care Sheet

Cleaning

We recommend that the Interlocking Crowd Control Barrier Cover is cleaned regularly. To clean the Interlocking Crowd Control Barrier Cover use a mild detergent in warm water with a soft mop or cloth. It is important to note that no solvents or abrasive cleaners should be used on any part of the Cover. To avoid the growth of mildew it is important that the Interlocking Crowd Control Barrier Cover is completely dry before being packed away.

Maintenance

Make sure that you assemble the Interlocking Crowd Control Barrier Cover correctly and that:

- All screws are intact and tight
- All poles have been inserted into the correct pole (with the same symbol)
- All poles have been clicked into the next pole correctly
- The Interlocking Crowd Control Barrier Cover has been zipped up at the bottom

General Use

The Interlocking Crowd Control Barrier should not be used outdoors unless you have safely secured it to avoid it being blown over. They should not be used in windy conditions.
